

Federal Employees on Furlough during Government Shutdown

You have been identified as filing a Nevada Unemployment Insurance (UI) claim while you were on furlough from the Federal Government. In order to be eligible for unemployment benefits, you must meet all program eligibility requirements. Please review the *Nevada Unemployment Insurance Facts for Claimants* handbook for claim eligibility information. Additional UI information can also be found at <http://ui.nv.gov/> by selecting the *For UI Claimants* tab.

Nevada Unemployment Work Search requirements will be waived for an initial indefinite period during the current government shutdown beginning 12/22/18. Work search waivers are subject to future review and additional information related to work search requirements will be provided at a later date in the event of an extended furlough period.

If you have or will receive compensation from the federal government for the time you were on furlough and have been paid unemployment insurance benefits, you will be required to repay those benefits. Failure to repay the amount of benefits received may result in collection activities.

Once the Federal Government shutdown has ended and upon a return back to work for your agency, please answer the questions below and return by fax to (775) 684-0344 or email to uisupport@detr.nv.gov. You may also mail this form to: *Employment Security Division, Attn: UISS, 500 E. Third Street, Carson City, Nevada, 89713*. Failure to do so may cause a delay or denial in your benefits.

Please direct any questions you may have to 775-684-3880. You are asked to refrain from contacting the Telephone Claims Centers, as representatives do not have any additional information at this time.
