

More veteran services . . .

Nevada JobConnect offices provide or refer veterans to assessment and guidance services to assist veterans to make career-related choices through testing, evaluation, vocational guidance, counseling, case management, and access to Nevada's Career Information System (NCIS).

Veterans seeking short-term employment may request referral to employers who are currently hiring temporary workers.

Valuable Labor Market Information regarding current economic and labor trends is available to veterans upon request to provide additional tools to make informed and appropriate career decisions.

Veterans Employment Services

*...Every day is
Veterans Day in Nevada*

*State of Nevada
Department of Employment,
Training & Rehabilitation*

***Every day is Veterans' Day
in Nevada . . .***

As an active partner in the Silver State's workforce investment system, Nevada's Department of Employment, Training and Rehabilitation (DETR) works in partnership with federal, state, local, and non-profit agencies to offer veterans of U.S. military service quality employment and training resources through a statewide network of *Nevada JobConnect* offices.

Most *Nevada JobConnect* offices are staffed with special career counselors who place the highest emphasis on providing priority services to enhance veterans' job search options and opportunities. These offices are also equipped with self-service resource centers to further enhance job search success.

Nevada's employers are strongly committed to providing job opportunities for veterans through training, re-training, and on-the-job training partnerships. This exceptional private/public relationship is integral to providing a high caliber of employment services for men and women who have served this nation.

Just for veterans . . .

DETR and the U.S. Department of Labor's Veterans Employment and Training Service provide specially-trained staff who exclusively serve our veteran customers:

Veterans Career Counselors are also veterans of U.S. military service. They develop job and training opportunities for fellow veterans and provide employment counseling, job search assistance, and job training and placement referrals to enhance veteran's ability to compete in the labor market.

In Nevada, qualifying veterans may be eligible for priority to specialized training and/or re-training opportunities through federal and state programs.

Resource Centers . . .

Every *Nevada JobConnect* office houses self-service resource centers that provide veterans access to computers linked to Nevada's branch of America's Job Bank, the Resume and Talent Bank, and a variety of employment, training, and career exploration software products.

The resource centers are designed to be a user-friendly place where novices can quickly learn to write a resume, brush-up on interviewing skills, and hone job-finding strategies –on their own or with staff assistance if needed. Center staff are ***available to provide technical assistance as needed, and to provide access to electronic resume and job data banks.***

***DETR –a proud partner in
the Nevada JobConnect system***
